

COSMIC INTERSECTIONS CONFERENCE 2026

Keywords - Soul, Sacred, Spirit-Matter, Beauty, Quality, Aroha, Love-Wisdom

Cosmic code (adapted from Te Tiriti-based Futures community code)

Dogma free-zone – this is a space for open hearts and minds

Respect - we are creating a coherent, respectful space. Please communicate in a mana-enhancing way.

Humility - there may be aspects you are not so resonant with or you may hear new concepts. Attendees are free to tune in and tune out when inspired. No one knows everything – together we know a lot.

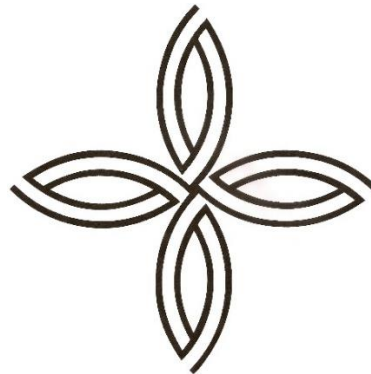

Koha – this conference is generally “open source”. With the quality of speakers the conference is easily worth \$300-500. In order to help cover conference expenses (mainly tech) we would humbly request koha of your choice (suggested minimum \$25). Although they have not requested it, koha will be given to presenters. Southern Pulse will not receive any money for this event. To keep it simple, please use your own currency.
